The programs are designed to meet the needs of students around the world, and enable graduates to flourish on the global stage through studying in a truly multi-cultural academic environment in Tokyo, the epicenter of technological innovation, historical tradition, and global business of Japan. All master's programs welcome applications not only from current undergraduates but also from mid-career professionals and others who seek to advance their expertise in business and global affairs.

Master of Arts (M.A.) in Economics Program **(Graduate School of Economics)**

The Graduate School of Economics of Tokyo International University (GSE-TIU) aims to train creative experts who have the ingenuity to face diverse policy issues from a global perspective. It also focuses on developing basic research capabilities that enable students to explore policy challenges in the real economy. Students can hone their analytical skills by pursuing a well-rounded variety of courses in a multi-cultural environment. Through intensive tutorial seminars and joint workshops, students can advance their research to complete a truly outstanding thesis.

Master of Arts (M.A.) in International Relations Program **(Graduate School of International Relations)**

The master's program in International Relations provides students with a unique opportunity to develop expertise on a wide range of global issues, such as war and regional conflict, development and sustainability, climate change, and human rights. With its diverse faculty and student body combined with small class sizes, the program encourages active learning through debates, presentations, group projects, field studies, internships, and the like. It prepares students for global leadership and enables graduates to pursue careers in international organizations, business, education, public administration, and NGOs.

Master of Science (M.S.) in Digital Marketing & Business **(Graduate School of Business and Commerce)**

The dramatic changes caused by innovations in technology and the expanding global economy have opened up vast opportunities around the world, especially in emerging countries. Starting with well-rounded foundation courses, the newly developed Master's Program in Digital Marketing and Business offers a flexible curriculum that allows students to select a variety of courses from areas covering general business, digital marketing, and entrepreneurship that are paramount for building business careers that are in demand today. These "practicums", a unique element of the program, allow students to get hands-on experience in data analytics or running a business. ENROLLMENT PROCEDURES

The International Exchange Office (IEO) at TIU will be your point of contact for the enrollment procedures. Whenever you communicate with TIU, please make sure to include your Application Number (refer to 'Screening Process' on page 15 for how to confirm your Application Number).

Accepted applicants are required to pay a 250,000 yen **non-refundable** enrollment fee, tuition and other fees, and submit the VISA-required documents by the designated deadlines. These fees will confirm your intention and secure your placement at TIU. Payments in installments are not accepted. Failure in completing all relevant payments before the due date will cause your enrollment to be revoked.

An enrollment packet, including an invoice for enrollment and other related fees, as well as a certificate of acceptance will become available on the My TIU Page of successful applicants. Other matriculation documents must be downloaded from the My TIU Page, completed, and submitted by their designated dates.

TIU will not refund the enrollment fee under any circumstances. In addition, as Certificates of Eligibility are issued by the Immigration Bureau of Japan, and visas are issued by the Japanese Embassy under their jurisdiction, TIU will not take any responsibility in the rare event that the documents are not granted.

VISA INFORMATION

International students who do not have a resident, diplomatic, dependent, or spousal visa must acquire a student visa to attend university in Japan. To obtain a student visa while residing outside of Japan, it is necessary to first apply for a Certificate of Eligibility (COE). TIU will submit the COE application documents to the Japanese Immigration Bureau on behalf of admitted students if all required documents are submitted to TIU by the designated deadlines and their payments are confirmed by TIU.

- If you do not have a passport at the time of application, prepare one as soon as possible.
- Please do not purchase your flight ticket until you receive your COE.
- The visa procedure for accepted students will be processed by TIU's International Exchange Office (IEO).
- If you are a visa holder who already resides in Japan at the time of application and your visa expires before enrollment to TIU, you are required to visit the Immigration Bureau of Japan and extend your visa on your own. Applications are accepted three months prior to the date of expiration.
- For current student visa holders residing in Japan: Regardless of the date of expiration stated on your resident card, your student visa will expire upon course completion and leaving your current school. Make sure to confirm the procedure you need to follow with the Immigration Bureau. If you are asked to re-apply for a new student visa, please contact the International Exchange Office.
- Warning: If you stay in Japan illegally, you face a high risk of being arrested by authorities, which may result in deportation.
- **For those who have applied for a Certificate of Eligibility (COE) or a visa to enter Japan and have been rejected in the past, please inform TIU about this immediately.**

Student Visa (COE) Application Process

STEP 1: Receive an email from TIU's International Exchange Office (IEO) regarding the COE/visa procedure.

STEP 2: Submit all required documents to the IEO as a direct reply to the email message from IEO (step 1). Inaccurate information or discrepancies in the documents may result in the rejection your COE application.

STEP 3: TIU will apply for your COE. IEO will only proceed with your COE application once we have confirmed your payment. It usually takes about 4-10 weeks for the COE to be issued.

STEP 4: Receive your issued COE. Once your COE has been issued, we will send it to you via a traceable courier (DHL, FedEx etc)

STEP 5: Upon receiving your COE, take the COE to the Japanese Embassy/ Consulate that has jurisdiction over your domicile in order to apply for your visa.
